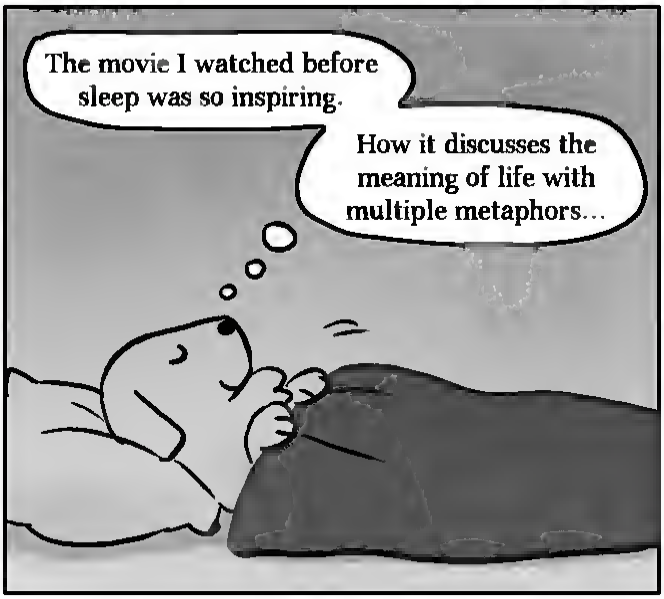
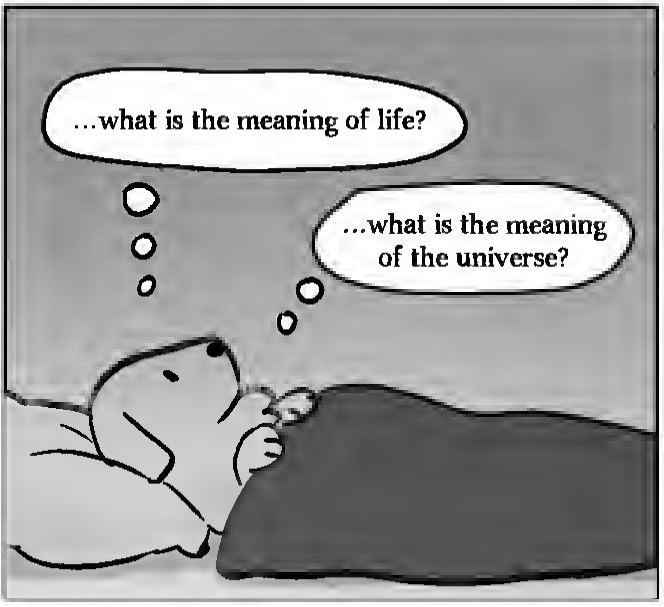
INSOMNIA?

Doglas



The movie I watched before sleep was so inspiring.
How it discusses the meaning of life with multiple metaphors...



...what is the meaning of life?

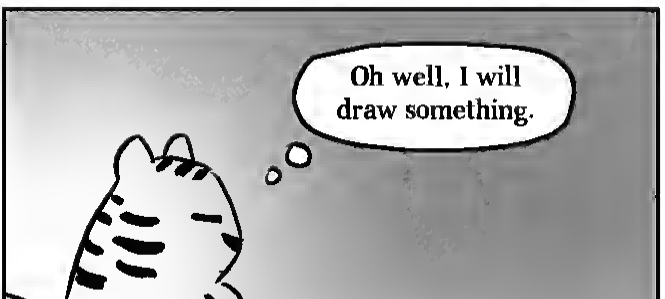
I usually have no problem sleeping.
Maybe it's the MSG in the cup noodle.
allergic to MSG (monosodium glutamate, a food additive)



Oh well, I will draw something.

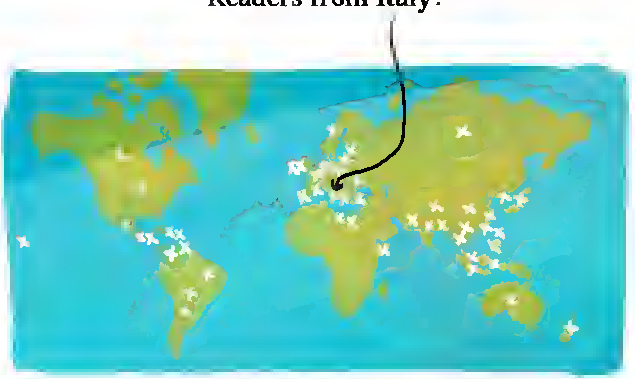
Sauro Pasquini

I don't know if I'm in time, but the national animal for Italy, where I live, is the WOLF! I really would like to see an x on Italy, in the readers map at the end of an episode!



Readers from Italy!
